

NOSTA

Growing up is hard. Six of our 16 staff members are **graduating** this year and moving on to **college** in the fall, and the rest of our staff is another year closer to adulthood. Before they leave us to officially begin their **adult lives**, and the rest of the staff continues **progress** through high school, we wanted to create a special edition that allowed us to relive our **childhoods** and have our readers look back on theirs as well.

Maturing is strenuous. It comes with a lot of **stress** and **responsibilities** that we typically don't have as children. In this magazine, we **dive back** into the things that **affected** and **influenced** us most as **children** to give us a moment to lift that stress off of our shoulders and give our seniors a **warm sendoff** to **adulthood**.
